

ARK PEST CONTROL

Control of Substances Hazardous to Health (COSHH) Assessment – APC11

Product Name: *(Purchased product brand name)*

Reference No:

BIOPREN-BMS DUO

Rev:25.07.19

This CoSHH Assessment form is solely for purchased hazardous substances (e.g. Bleach). For the more complex hazardous substances use form FCA01.

Hazards identified on the container or Safety Data Sheet (SDS) (tick appropriate boxes)

				√						
--	--	--	--	---	--	--	--	--	--	--

Hazard/Risks Identification:

Might be dangerous to water invertebrates. The active ingredient is dangerous to some aquatic invertebrates, but quickly degrades in environment and in product it is present in a small quantity. Harmful to aquatic organisms.

Exposure 1/2-2 hours daily

A brief description of how the substance is to be used:

Domestic Insecticide

Who is likely to be affected by the substance?

Employees	√	Visitors	√
Cleaners	√	Patients / Residents / Service Users / Clients	√
General Public	√	Contractors	√

Existing Controls (Provide a brief description of how the hazards are currently controlled. You may use the MSDS as a guide)

Storage precautions: *Store containers upright and closed. Store at room temperature in areas that dry and well-ventilated. Store away from heat, ignition sources and strong oxidisers. **Store far from odorous substances!** Do not contaminate water, feed or food by storage, handling and disposal. Read and follow all precautions and instructions on the product label.*

Handling: *Advice on safe handling No specific precautions required when handling unopened packs/containers; follow relevant manual handling advice. Ensure adequate ventilation.*

Handling/use precautions: *No special measures necessary if stored and handled correctly. Ensure thorough ventilation of stores and work areas. When using do not eat, drink or smoke. Hands and/or face should be washed before breaks and at the end of the shift.*

Protection against fire and explosion: *No special precautions necessary. The substance/product is non-combustible. Product is not explosive.*

Conditions for safe storage, including any incompatibilities

Segregate from foods and animal feeds. Further information on storage conditions: Keep away from heat. Protect from direct sunlight.

Protect from temperatures above: 35 °C Changes in the properties of the product may occur if substance/product is stored above indicated temperature for extended periods of time.

Current storage arrangements and the quantity held in stock (Consider the risk of fire when storing substances. The fire risk must be covered in a separate Fire Risk Assessment)

Store containers upright and closed. Store at room temperature in areas that dry and well-ventilated. Store away from

heat, ignition sources and strong oxidisers. **Store far from odorous substances!** Do not contaminate water, feed or food by storage, handling and disposal. Read and follow all precautions and instructions on the product label.

Current Spillage/Release Arrangements. (You may use the SDS as a guide)

Follow suitable procedure or seek Local Authority guidance

Current Disposal Arrangements. (You may use the SDS as a guide but also consider residual left in the containers)

Waste is classified as hazardous waste. Disposal to licensed waste disposal site in accordance with the local Waste Disposal Authority.

Waste treatment methods: Waste is suitable for incineration. Contact specialist disposal companies. Do NOT reuse empty containers. Empty containers can be sent for disposal or recycling.

Can the substance be removed or replaced by a substance less hazardous?

YES / NO (Circle as appropriate)

How often do employees and others come into contact with the substance?

Continual use		Frequent use	√	Minimal use	
---------------	--	--------------	---	-------------	--

Using this information, it is now possible to determine the level of risk from the substance and decide on the controls required to remove or reduce the risks.

Do you consider the current control measures suitable and sufficient?

YES / NO (Circle as appropriate)

EMERGENCY ARRANGEMENTS:

Fire Measures: What fire fighting measures are required to extinguish the substance? This information will be indicated on the safety data sheet if applicable.

WATER	FOAM	DRY POWDER	CO2	WET CHEMICAL	NONE
√			√		

What methods are used to fire fight without putting yourself at risk? Is suitable PPE required and if so what?

Extinguishing media: Water, carbon dioxide

Fire fighting procedures: In case of fire handle as food. Contain the run-off, if possible, for proper disposal.

First Aid Measures: These are the first aid measures required should contact with the substance arise. It identifies each route of entry to the body and indicates what action must be taken should somebody become exposed. This information will be indicated on the safety data sheet.

Route of entry:

First Aid Measures:

Inhalation:	Remove person to fresh air.
Absorption:	
Ingestion:	If person ingests, get medical attention.
Injection:	
Skin Contact:	If irritation occurs, wash affected irritation area with soap and water.
Eye Contact:	Immediately flush with large amounts of water for at least 15 minutes. If irritation persists, get medical attention.

Are the first aiders aware of the arrangements to deal with this substance in the event of a first aid emergency? **YES** / NO (Circle as appropriate)

Are there arrangements in place to deal with spillages? (eg is there an emergency procedure)? **YES** / NO (Circle as appropriate)

If you consider the controls adequate then sign the CoSHH assessment off. If further controls are required then identify them below. This CoSHH assessment must be reviewed at least annually. The CoSHH assessment must also be reviewed if there are any changes in circumstances and following an accident or incident.

Extra controls required to reduce the risks.

None at this time

ARK PEST CONTROL

Control of Substances Hazardous to Health (COSHH) Assessment – APC11

Identify the persons who are required to implement the extra controls and set a realistic date for completion of these extra controls.

Action to be implemented by:	Target Date:	Completed Date:
