A brief description of how the substance is to be used:

Hand Applying

Who is likely to be affected by the substance?

Employees	√	Visitors	√
Cleaners	√	Patients / Residents / Service Users / Clients	√
General Public	√	Contractors	√

Existing Controls (Provide a brief description of how the hazards are currently controlled. You may use the MSDS as a guide)

General information - Get medical attention immediately.

Inhalation - Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. Get medical attention if any discomfort continues.

Ingestion: DO NOT induce vomiting. Call a physician or poison control center immediately. Rinse out mouth and give water in small sips to drink. Induce vomiting only, if: 1. patient is fully conscious, 2. medical aid is not readily available, 3. a significant amount (more than a mouthful) has been ingested and 4. time since ingestion is less than 1 hour. (Vomit should not get into the respiratory tract.)

Skin contact - Wash with water and soap as a precaution. If skin irritation persists, call a physician

Eye contact - Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persists after washing. Show this Safety Data Sheet to the medical personnel.

Control of Substances Hazardous to Health (COSHH) Assessment – APC52

Keep container tightly closed. Keep in a dry, cool and well-ventilated place. Keep out of reach of children

No exposure limits have been set for this material Suitable approved respirator if exposed to spray mists Rubber or plastic gloves If splashes are likely to occur, wear: goggles Impervious clothing, boots

Follow suitable procedure or seek Local authority guidance
